

Top Dog's Tips **Doggy Lawn Care**

Alkaline dog urine burns spots in your lawn — here's how to have a beautiful, dog-friendly yard:

- ✓ **Training:** Encourage your pet to pick one potty place to isolate damage.
- ✓ **Dilute:** Use a hose to water the potty spots soon after your pet goes.
- ✓ **Nutrition:** Add pH-balancing supplements to your dog's diet.
- ✓ **Landscape:** Install crushed rock ground cover in doggy areas.
- ✓ **New Lawn:** We can replace your lawn with a resistant grass type.
